EGGFEST

What Is A DEMO EGG?

Looking for a great deal on a Big Green Egg? Buy an EggFest Demo Egg! These Eggs will have been used once--at the EggFest!

A Demo Egg is a Big Green Egg that you pre-buy prior to the Parkrose EggFest. The Egg will be cooked on the day of the EggFest by one of our registered cooks. This is a great way to get your first Egg or to add to your Egg family! You can also buy a Demo Egg the day of the EggFest, though we can't guarantee that there will be any unclaimed ones available. Demo Eggs are sold "first come, first served."

We recommend making arrangements to pick up your Demo Egg the day after EggFest to allow it to properly cool. Please consult the store for arrangements.
